Established almost 30 years ago to specialise in the best of contemporary design, Inhouse now represents many of the world's leading manufacturers of furniture, lighting, rugs, textiles and kitchens etc. – including Cassina, Driade, Kartell, Zanotta, Flos, Artemide. The Accessories Shop is laden with design icons of every description, from Alessi to Zack & everything in between, catering for all ages and most budgets.

Since opening Inhouse has also gained something of a reputation for their trail blazing Design Exhibitions, which have been held every year since 1982 during the Edinburgh Festival. These have been featured in the press both here and abroad and networked on BBC television.

Both stores offer an extensive range of retail services, including Wedding List and mail order plus a full interior design service - curtain/blind makeup, living and bedroom storage + Kitchen design and installation.

Distance is no problem for the larger items either, Inhouse has delivered to customers as far afield as the States, Moscow, Hong Kong and Bondi Beach!

Getting There

The Showroom is just north of the city centre in the charming area of Edinburgh known as the New Town. On street parking is available in the area, but other suggestions are:

Coming from the West: It is advised to park in one of the many multi story car parks near Lothian Road and then pass across Princes St and George St following Frederick St towards St Stephen's Church and Stockbridge.

Coming From the East: Park in St James centre and then walk ten minutes along Queen St, taking the 3rd right turn onto Howe St. Inhouse is 100m down the hill on the left hand side.
